

THE ADDITION - ORDER FORM

The Addition tells the story of a mediation between two neighbours in dispute over a proposed addition. The mediation process reveals that the strident positions of both sides mask completely different and more vulnerable issues and leads to a surprising and not necessarily comfortable conclusion.

A 78 minute video for professional use. An excellent video for dispute resolution professionals, governments, court systems, lawyers, trainers and others who want to orient and inform citizens, clients, individuals and organizations about the concept of win-win mediation.

Cost of the video (note - payment must be made prior to video being shipped)
